Narrative/Case Notes

Reported: 05/28/2020 19:42 *Reported By* Shelor Nicholas

Narrative: On 05/28/2020 at 19:42 hours, Officer Shelor Nicholas (78349) responded to a Kidnapping/Abduction at 5012 Renezet Dr. Upon arrival, I spoke with Ms. Kiara Carson; she stated that she was taken against her will yesterday. She said that she was with her boyfriend Randall Leslie at his apartment on Hwy 58. She was buying a car from him there. They drove to his apartment and she paid him for the car. She said he told her that he was going to "Pooney's house and for her to go do her thing". She then left the apartment, moments later she realized that she left her phone in his car. She then drove to "Pooney's house on Arbor Place to get her phone. She got to the house and found Randall's car in the drive way with the engine running. She got inside the car and grabbed her phone and walked to the front door. She said that "Pooney spoke with her and told her to leave. She said she heard a lot of talking but was unsure if Randall was inside so, she left the house. Hours later she received a phone call from a "Jazz" party. She said that "Jazz" was calling her about finding out where "Pooney" was. She said that she wanted to meet her at the Speedway on Shallowford Rd. Ms. Carson agreed to meet her. She drove to the Speedway around 2100 hours and parked her car in one of the gas pumps, and "Jazz" walked up to her vehicle and got in her passenger side. She said that "Jazz" was wanting to know about "Pooney" because he apparently "Robbed" someone. She said moments later she saw 3 vehicles pull in front of her. She said the vehicle in front of her was a Dodge Charger. She got out of her car and walked to the Dodge Charger and got in the vehicle. The driver then asked her where "Pooney" was and she said that she did not know. She said that he told her that "Pooney" robbed him and he wanted to know where he was. She told the guy that she did not know "Pooney" and the driver then pulled out of the gas station. She told him that her car was still on and he said don't worry about your car. While he was driving he pulled a gun on her and told her that he wanted to talk to "Pooney". She said that all 3 vehicle then drove past the Mapco on Bonny Oaks and Lee Hwy. One of the people in one of the cars told them all "this place is to hot" and they relocated. She said that she remember seeing where Walts was on Bonny Oaks and then they made a turn to a cul-da-sac and they got her out of the vehicle. One of the drivers of the Jeep (Justin) told them that she had kids and they were not going to do this. He then pulled a gun on her and put her in the Jeep. Another male got in the Jeep with her and he noticed that she still had her cell phone on her. He then told her to give him the phone and she did. The Justin party then told the other male to get out of the vehicle and ride with someone else. He then drove Ms. Carson to South Pittsburg for the night. She said the next morning the same party drove her back to Chattanooga around Sandy's Bar. While she was on the way back to Chattanooga, she received a phone call from Richard, Mr. Randall Leslie brother. Richard advised when he called her she told him that she couldn't really talk because of one of the kidnappers.Ms. Carson stated that she asked the "Justin" party where her car was and she said that he made a phone call to get it back. She said that he knew where it was but the other people had the keys. The car was last seen at the Speedway when she was taken from there around 2100 hours. The car was gold in color with parts of it that were black. The vehicle was then reported stolen and placed into NCIC under NIC # V832004535. She then called him back moments later and told Richard where she was and he came to pick her up. One of Randall Leslie's friends (Syltresha Brown DOB[redacted] showed up on scene with Ms. Carson's phone. Ms. Brown said that she was at Randall's apartment yesterday and saw Ms. Carson there around 1745 hours and then she fell asleep. Major Crimes was notified and CAR #305 advised to transport Ms. Carson to the PSC to talk with her. CAR 305 will be continuing the investigation. No further at this time.

Narrative/Case Notes

Reported: 05/29/2020 17:04 *Continuation By* Shelor Nicholas

Narrative: On 05/29/2020 at 17:04 hours, Officer Shelor Nicholas (78349) wrote a continuation/supplement for a Kidnapping/Abduction at 5012 Renezet Dr. I was notified to call Ms. Cherie Harden about her missing son. She said that she was told yesterday from Ms. Carson about one of the kidnappers giving her a gun. When she got back into Chattanooga she got picked up by Randall's brother, Richard and she had a gun with her. He said that the gun fell in the floorboard of his car and he told her to pick it back up. She picked it back up and he then took her to 5015 Jarrett Dr. Richard said, she also told him that one of the kidnappers gave her that pistol. When Ms. Carson was transported to the major crimes office last night she did not have anything on her. Richard also noticed that she did not have anything on her when she left and he decided to look for the pistol today. He said that he was looking outside and found a plant that seemed to be out of place. He picked the plant up and found the firearm under it. He then picked it up and brought it inside the house with a rag. The firearm was a Guardian .25 cal pistol loaded with 2 rounds in the magazine. The firearm was silver in color and the grips were a yellowish color.
His mother and him then left to go pick up their Lancer from Manchester and brought it back to Chattanooga. Once they got there Richard drove it back and when he got back he looked through the vehicle but did not touch anything. He said that there were 3 pair of gloves in the car, a yellow and black pair and the other 2 were black. He said in the trunk of the car there was a towel that had a red substance on it.. He thought that it may have been blood from his brother. I asked for permission to search the vehicle and it was granted by Ms. Harden, the owner. While searching the vehicle, I found a loaded Smith and Wesson M&P shield 9 mm, under the driver seat. Richard stated that he did not know whose it was and it was not his brothers or his firearm. The firearm was black in color. Both firearms were ran and they did not have any record. While talking with Richard he said that Porche messaged him on Facebook with a photo of a male party named Rosta Folks. She said that this was Juice's page. Richard then asked her if this was the guy that kidnapped Ms. Carson and she replied moments later, "yes". Richard stated that he went over to Randall's house was able to gain entry though the manager. He said that when he got inside he knew that Randall had a camera inside his house. He looked for the camera and he said that he found it outside of the residence under a type of hat. The camera appeared to be able to be viewed from a cell phone and Ms. Harden stated that she knew Porche had the cell phone that had access to the camera. She has talked with Porche about the phone and said that she was staying at the Motel 6 but wouldn't say what room. I did notify the Inv on this case and advised him of all the updates and he was clear on them.
A missing person report was completed for Mr. Randall Leslie on Complaint # 20-052161.
I took all the evidence and placed it in property for the case. No further at this time.
