**ORDER DENYING MOTION FOR CONTINUANCE DUE TO UNAVAILABILITY OF
TRIAL TRANSCRIPTS AND MOTION TO EXPEDITE TRANSCRIPTS**

This matter is before the Court on Defendant's *Motion for Continuance Due to Unavailability of Trial Transcripts* and *Motion to Expedite Transcripts* filed *pro se* on November 8, 2024.¹ Both of Defendant's motions are predicated upon the need for trial transcripts to be completed prior to filing his motion for new trial and a notice of appeal. While the Court certainly appreciates Mr. Holland's attention to the deadlines required by the Rules of Criminal Procedure, the Court finds that these motions are premature for reasons set forth below.

Defendant was before the Court for purposes of sentencing on Counts 1, 3, 4, and 5 on October 25, 2024. At the conclusion of that hearing, Defendant inquired as to the status of his trial transcripts, as he was concerned about his ability to prepare an appeal without the transcripts. The Court explained to the Defendant that the transcripts, which are lengthy, were in the process of being prepared and would be made available to him immediately upon completion.

The Court further explained to the Defendant that he had already filed an exceptionally detailed "Re-Amended Motion for New Trial," which had effectively tolled the time in which he was required to file a Notice of Appeal. The record in this matter reflects that Defendant filed a Motion for New Trial or for Judgment of Acquittal on June 5, 2024; an Amended Motion for Judgment of Acquittal or Motion for New Trial on August 16, 2024; and a Re-Amended Motion for Judgment of Acquittal or Motion for New Trial on October 3, 2024, a filing constituted of 103 hand-written pages.

Based upon the filings already prepared by Mr. Holland, the Court set the Motion for New Trial (and any subsequent amendments) for hearing on January 31, 2025 at 1:30 p.m. The court

¹ Defendant filed a Notice of Filing contemporaneously with the filing of these two motions which indicated he had also filed a Motion for In Forma Pauperis and a Motion for Case Materials. Those motions were not received by the Court. However, the Court notes for benefit of the Defendant that he was declared indigent at the time counsel was appointed for him and no further motion to proceed in forma pauperis is necessary to obtain transcripts from the Court.

reporter has notified the Court that she anticipates trial transcripts will be prepared by *approximately* December 27, 2024. The Court believes that should the transcripts be provided to Defendant by the proposed completion date that he will have sufficient time to prepare for the hearing on January 31, 2025.

In the event the court reporter is unable to prepare the trial transcripts within the next forty-five (45) days, the Defendant is welcome to renew his motion to continue the January 31, 2025 hearing date. Any allegation that Defendant's Due Process rights have been violated by the inability of the court reporter to prioritize his trial transcript over the other transcripts also being prepared simultaneously is without merit. The Court will not require the Defendant to proceed with hearing on the Motion for New Trial until Defendant has been provided adequate opportunity to review the trial transcript and to amend his motion further, if necessary.

Based upon the foregoing, the Court finds that the Defendant's requests are premature and declines to require the court reporter to expedite the trial transcript in light of the daily obligations in court and the other transcripts which may have been requested prior to receipt of Mr. Holland's request. Accordingly, the Defendant's motions are respectfully **DENIED** without prejudice as to future filing, if necessary.

It is so ordered.

ARRAIGNMENT AND APPOINTMENT ORDER

This cause came before the Court on November 21, 2024 upon arraignment of the Defendant in the above causes(s). As to all charges contained in the indictment, the Defendant enters a plea of Not Guilty.

From the affirmations made by the Defendant and after due inquiry made, it appears to the Court that the Defendant is unable by reason of indigency to employ the services of counsel in this cause.

It also appears that the Office of the District Public Defender cannot, or should not, represent this Defendant in this case.

As such, it is hereby ordered that **Mr. David MacNeill** is appointed as legal counsel to represent the Defendant, with an appointment fee of \$50.00 taxed as costs.

It is so ordered.

ORDER FINDING CASE
EXTENDED AND COMPLEX

This cause came before the Court upon motion made by Defendant, through counsel, to have this case declared complex and extended in nature pursuant to Tennessee Supreme Court, Rule 13, § 2(e)(1).

Having reviewed the record as a whole, and being fully informed of the grounds for the motion, the Court makes the following findings:

1. This case is a complex and extended case as is defined by Tennessee Supreme Court Rule 13, § 2(e)(1).
2. If the legal or factual issues in a case are unusual, thus requiring the expenditure of more time, skill, and effort by the lawyer than would normally be required in an average case, the case is "complex."
3. If more time is reasonably required for total processing than the average case, including pre-trial and post-trial hearings, the case is "extended."
4. This case involves multiple defendants and/or numerous witnesses; and
5. This case involves novel and complex legal issues.

Based on these criteria, the Court finds that excess payment is necessary to provide fair compensation in this case. The underlying grounds for the charges consisted of First-Degree Premeditated Murder - Tenn. Code Ann. § 39-13-202 (Felony class M) which presented considerable exposure for this defendant because of the sentencing realities of an M Felony offense. The case involved complicated facts and many witnesses that the accused wanted to have interviewed in this case, all of which was compounded by the fact that counsel had to prepare quickly and thoroughly for the fast-approaching jury trial. In addition, as is increasingly the case across the board, the pretrial discovery provided by the State was voluminous, and counsel necessarily was engaged for substantial periods of time in his review of the information possessed by the State and several previous attorneys. The nature of the case also required travel time to interview witnesses, and to investigate the physical locations of interest in this matter. Other details are identified in counsel's motion and attachment, and the Court credits and relies upon those representations as well.

The Court finds that this proceeding plainly involved unusual factual issues in the case that required the expenditure of more time, skill, and effort by the lawyer than would normally be required in an average case. The Court also finds that this case required significantly more time to handle and process than that involved in the typical indicted case.

Accordingly, it is **ORDERED** that this matter is designated as being complex and extended in nature for purposes of compensation of counsel in a non-capital case, as defined by Tennessee Supreme Court Rule 13, Section 2(e)(1). It is so **ORDERED**.

ENTERED this the 22d day of November, 2024.
