Clerk of the
Appellate Courts

STATE OF TENNESSEE v. DONYELL DEWAYNE HOLLAND

**Criminal Court for Hamilton County
Nos. 317210 and 311081**

No. E2024-01809-CCA-R3-CD

ORDER

Before the court is the pro se Appellant's "Notice of Designation Motion," which was filed contemporaneously with the Appellant's corrected brief. In the pleading, the Appellant asks this court to compel the trial court clerk to include certain items in the appellate record. The appellate record in this matter was filed on August 29, 2025, and includes nine technical record volumes, nine transcript volumes, thirty-eight exhibits, and three sealed motions for expert services.

If construed as a designation of the appellate record, the pleading is untimely and erroneously filed in this court. *See* Tenn. R. App. P. 24(a). If construed as a motion to supplement the appellate record, the court observes that all items listed in the pleading that are properly includable in the appellate record have been transmitted by the trial court clerk as part of the appellate record filed on August 29, 2025. To the extent that the Appellant seeks the inclusion of other items—for example, "exculpatory evidence material," "undisclosed proffer deals," emails or memorandum "between the Clerk's office and the District Attorney," and "docket-activity" logs—those items are not properly includable in the appellate record.

For these reasons, the Appellant's pleading is not well-taken and is, therefore, DENIED.
